Junior Software Engineer

As a Junior Software Engineer at Tech Innovators Inc., I played a vital role in supporting our software development efforts and contributing to the success of our projects. In this role, I had the opportunity to work on various aspects of software engineering while continuously honing my skills and knowledge. My responsibilities included: Agile Development, Documentation, Problem Solving.

August 2020 - Januar 2021
ABC Software Inc.
Software Development Intern

- Assisted senior engineers in developing and maintaining software components.
- Participated in code reviews and learned best practices in software development.
- Collaborated with the team to troubleshoot and resolve software issues.
- Gained hands-on experience in software testing and debugging.

Januar 2019 - April 2019
WeStart
Cloud Solutions Development Intern

- Cloud Provider Experience: Worked directly with the cloud team to support projects related to AWS, Azure, and GCP. Assisted in the deployment and management of cloud resources.
- Programming Proficiency: Developed scripts and applications using Python, contributing to automation initiatives. Collaborated on the enhancement of existing tools to improve efficiency.
